MUSIC EXTRAS

Dear Parents,

Thank you for your instrumental lesson enquiry. Your child will receive 30 lessons during the year and a termly report will be written by the instrumental teacher. The cost of each 35 minute lesson is Kshs1970.00, totaling Kshs19,700.00 per term, which will be billed at the start of each term. Sheet music and any other musical items issued through the term is added to your school account. A breakdown of these items is available on request.

If school instruments are used (other than drums and piano), parents are asked to ensure they are adequately covered on home insurance. After two years, if your child is using a school instrument and intends to continue with music lessons, I would encourage parents to consider purchasing an instrument. Either your child's instrumental teacher or I will be able to give advice on suitable models.

The school charges a modest hire fee for school instruments and this will be added to your termly invoice. Please request an instrumental hire form separately to this one, and I will be able to pass details of charges onto you directly.

A half term's notice in writing is required should you wish to cease music lessons, or Kshs 9,850.00 (the cost of 5 lessons) will be charged in lieu. I should be grateful if you could complete the authorisation slip below.

Please do not hesitate to contact me if you have any queries.

Yours sincerely,

Hannah Shoukry
Director of Music and Performing Arts
